Dear Sir:

In response to the restriction requirement set forth in the Office Action mailed April 18, 2006 applicant hereby provisionally elects claims 1-17 for continued examination, with traverse. The Examiner has required restriction between claims 1-17 drawn to a method of making a holey fiber and claims 18-20 are drawn to a glass holey fiber because the Examiner asserts these inventions are independent and distinct.

Dated: May 15, 2006

Respectfully submitted,
